I agree that I will use the information that I discover or is exposed to me in the CyberCamp solely for the purpose of learning methods to protect the security of computer networks, and I will not “test” or otherwise attempt to implement the methods on any other computer or computer network. I acknowledge and understand that any attempts by me to exploit computer/phone security vulnerabilities outside the context of the CyberCamp may subject me to civil liability, criminal prosecution, and/or disciplinary action.

I acknowledge and understand that CyberCamp activities in the Lab can be accomplished only on computers/phones specifically equipped for such activities and that only software authorized by the instructor may be installed on such computers/phones. The computers/phones may not be connected to any network without authorization from the instructors.

I acknowledge and understand that the computers/phones may be used only for instructional and academic purposes and may not be used for any other purposes.

I agree that I will not use the computers/phones, or any information discovered or exposed to me on such computers now or later, for illegal purposes, including copyright infringement, or in any other manner that is illegal or unethical.

Pictures, photos, or videos may be taken and used for promotional purposes.

I agree to attend with perfect attendance over the one week camp as this is a vital part of the selection process.

By signing, I agree to the abovementioned items.
