**PUBLIC SCHOOL CHOICE INFORMATION**

July 28, 2011

Dear Parent(s) or Guardian(s):

The *No Child Left Behind Act of 2001* (NCLB) requires schools to meet adequate yearly progress (AYP) goals each year in reading/language arts and mathematics. Schools that do not make AYP for two or more consecutive years in the same subject area (in a specific subgroup) are identified as being in School Improvement. For mathematics, Luray Elementary School is in Year 1 of Title I School Improvement (Holding) which means that the school failed to make AYP in this area for two consecutive years (start of 2009/2010 and the start of 2010/2011) but did make AYP at the start of the 2011/2012 school year. In addition, LES is in Year 1 of Title I School Improvement for English: Reading since the school did not make AYP in this area at the start of the 2010/2011 school year and the start of the 2011/2012 school year. Therefore, Luray Elementary School is required to offer Public School Choice. Accurate VDOE report cards for our elementary schools are not yet available but LES's *Preliminary* AYP data is as follows:

- AYP Status 2009-2010 (based on 2008/2009 data) - did not make AYP in mathematics
- AYP Status 2010-2011 (based on 2009/2010 data) - did not make AYP in mathematics and English: Reading
- AYP Status 2011-2012 (based on 2010/2011 data) - made AYP in mathematics but did not make AYP in English: Reading
- Current Title-I Status: Title-I - Schoolwide Program, Current AYP Improvement Status:
 

<ul style="list-style-type: none"> <li>▪ Subject Area – Mathematics</li> <li>▪ Year – Year 1 of School Improvement (Holding)</li> <li>▪ Action Required – Public School Choice</li> </ul>	<ul style="list-style-type: none"> <li>Subject Area – English: Reading</li> <li>Year – Year 1 of School Improvement</li> <li>Action Required – Public School Choice</li> </ul>
---	--

Luray Elementary School must meet AYP goals for two consecutive years in mathematics in order to move out of Title I School Improvement. In this regard, LES met AYP in the area of mathematics for the 2010/2011 school year and moved into the "Holding" position. However, during the 2010/2011 school year, LES was in "Warning" in the area of English: Reading meaning that the school did not make AYP in this area during the 2009/2010 school year. Since LES did not make AYP in English: Reading during the 2010/2011 school year (2<sup>nd</sup> consecutive year) the school is now in Year 1 of School Improvement in this area. LES is currently working to improve the school's academic performance by increasing instructional time in mathematics and reading, benchmark testing three times per year and progress monitoring student performance. Additionally, the Virginia Department of Education and the school division are working with your child's school to improve the academic performance of Luray Elementary School. Parents are, and have been, encouraged to participate in improving the school's academic achievement by attending the mathematic and literacy nights and accessing web-based material via the school's website.

Under NCLB, all students enrolled in Title I schools that are in School Improvement have the opportunity to enroll in a school not designated for School Improvement. This transfer option is known as Public School Choice. Therefore, for the 2011/2012 school year, your child may remain at Luray Elementary or transfer to either Springfield Elementary (*preliminary-warning* for English: Reading) in Rileyville, VA which is 5.5 miles from Luray Elementary, Stanley Elementary (*preliminary-warning* for English: Reading) which is approximately 9 miles from Luray Elementary, or Shenandoah Elementary School (*preliminary-made* AYP) in Shenandoah, Virginia which is 19 miles from Luray Elementary.

If you choose to exercise the Public School Choice option, please complete and return to me by August 12, 2011 (at the address identified above) a "Public School Choice Transfer Request Form" which is enclosed with this letter for *each* child you are requesting a transfer for. The school division will respond to your request by August 22, 2011 with written notice regarding your child's school assignment and transportation availability. If your request is granted, your child's transportation to the new school will be provided by the school division. Your child may remain at the new school even after Luray Elementary School moves out of School Improvement. However, transportation will only be provided by the school system while Luray Elementary carries the School Improvement designation. If the request for transfers exceeds available funding, priority must be given to the lowest-achieving students from low-income families.

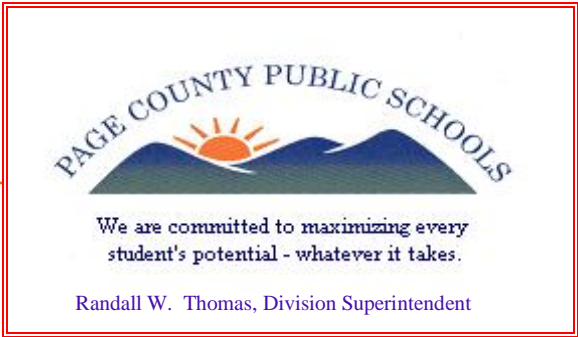

Please do not hesitate in contacting me if you have any questions at all about Public School Choice.

Sincerely,

John R. Van Wyck, M.S.  
 Director of Student Services & Title-I

Dear Parent(s) or Guardian(s):

If you wish to have your child remain at his/her current school, no response is necessary. Submitting this form indicates your preference to have your child enrolled in another school. Complete a separate form for each child. Please return the form to John R. Van Wyck at the address listed above by **8/12/11**. Transfer requests will be filled according to the priority established under the *No Child Left Behind Act of 2001* and may not be filled due to funding limitations and/or other circumstances. If you need additional information regarding public school choice, contact Mr. Van Wyck at (540)843-2822. **PLEASE MAKE SURE THAT YOU WRITE YOUR FULL ADDRESS IN THE SPACE PROVIDED BELOW.**

Schools available for Public School Choice:
