- ★ The programs will be competency based and will include valid tasks currently being performed in business and industry.
- ★ The programs will meet the needs of both secondary and adult students, by offering multiple entry and exit points through individualized instruction.
- ★ All programs will offer students an opportunity to utilize processes and equipment found in business and industry.
- ★ The curriculum will focus in equal measure on the knowledge, skills, and attitudes required by individuals in the world of work.

### **Shared Values**

We believe:

- ★ Education is essential.
- ★ Academic excellence can be achieved through high expectations.
- ★ PCTC will be child-centered and community oriented.
- ★ Learning is possible for all students.
- ★ Learning potential should be maximized.
- ★ Learning is a continuous process.
- ★ Learning is a shared responsibility.

### **Enrollment**

Students considering enrollment in the day program at Page County Technical Center should discuss this matter as soon as possible with his or her home school guidance counselor. The counselor will be able to answer many of the student's questions and provide additional and valuable information. Once a student has definitely decided to enroll at PCTC, he or she must register with home school guidance. Our programs are mostly for 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> grade students. The admission committee will closely scrutinize transcripts and attendance records. The best qualified students will be chosen according to the number of positions available in that particular program (each program will vary).

Applicants for Practical Nursing (LPN) must be 12<sup>th</sup> graders or higher, register with guidance, submit an application to PCTC, and take a standardized entrance exam. Once all requirements have been completed, an admissions committee will carefully review all candidates. After the committee has made a decision, the applicant will be notified by letter.

### **Adult Students in Day Classes**

Persons out of school who are 18 years of age or older may be accepted into day classes at PCTC on a space available basis outlined as follows:

1. The adult student will not displace a high school student.
2. Adults will be required to pay a tuition fee in addition to regular class fees.
3. Adults will observe all policies and regulations that apply to the high school students, including our smoke free policy.
4. Poor conduct and/or excessive absences by adults cannot be tolerated and will result in dismissal from the center. Should this occur no refund will be made.

## Continuing Education

Continuing Education is a major component part of the total educational program at PCTC. Our purpose, in cooperation with other agencies and institutions in the area, is to provide quality training programs to meet the employment needs of citizens and industries of Page County and to assist in the economic development of our community.

All students are expected to use the bus transportation to and from the center provided by Page County Public Schools. While students are being transported, students are expected to adhere to all bus procedures outlined in the county code of conduct.

## Vehicle Transportation Regulations

If it is absolutely necessary for a student to drive to school, permission must be obtained from the office and a driving form completed prior to the day the student needs to drive. Below is a list of driving regulations:

1. The student driver is to drive safely and responsibly at all times.
2. Parking lot speed is very slow and cautious.
3. Parking is allowed only in painted areas.
4. Do not pass a stopped bus on campus whether or not the warning lights are flashing.
5. **No** passengers are allowed in a vehicle unless they also have a permit from the office.
6. Students may not remain in vehicles after arriving to school and may not return to their vehicles during school. Loitering in vehicles is not allowed.
7. The school will not be responsible for any damage to or theft of any items left in the vehicles. We recommend locking vehicles and keeping valuables out of sight.
8. Student drivers must remain in good standing at LHS, PCHS, or PCTC.
9. By registering your vehicle, you are giving your consent for search and canine detection initiatives for contraband while your vehicle is parked on school property.

Below is a copy of the one-day driving permit that can be obtained in the office.

### **Emergency Exit Procedures**

Fire drills are held in school with the purpose of teaching students to evacuate the building as quickly as possible in the event of a real fire. For your safety, it is important that you familiarize yourself with fire drill instructions posted in classrooms and halls.

At the sound of the fire alarm, proceed quietly and quickly by assigned routes and remain outside the building until a return tone is given. Before exiting the building, please be sure that all classroom and shop doors are closed. Students should attempt to join their classmates and instructor at once upon exiting the building to prevent firefighters or rescue squad members from attempting to locate or rescue someone who does not need such assistance. If there is an alarm during break time, those in corridors will keep to the right and leave by the closest exit. The building must be evacuated at the sound of the fire alarm tone.

Instructors will also review with students the necessary procedures that will be followed for other emergency situations.

### **Attendance – 4.0**

Students are required to attend all assigned classes and activities every day. School attendance is the responsibility of the student and parent. Good attendance must be a top priority for students enrolled in our programs in order to become employable. The development of good work habits and attitudes toward work are just as important as the attainment of job skills. **In addition, since more than seventy percent of instruction time is devoted to the actual performance of practical applications, most time missed through absences cannot be made up.** A note should be presented to the school secretary upon the student's return to school.

**Attendance Requirements by Class: 4.4**

Page County Technical Center, dual enrollment, and/or honors courses may have more stringent attendance requirements than state law and local policy. These more stringent attendance requirements will be stated in each specific course syllabus and students are expected to meet these requirements. For example, classes that lead to a nursing diploma or a certificate of completion in a technical area have attendance requirements that are set by teacher and school principal. In this regard, in many of these classes there are a specific number of seat time hours required in addition to the completion of the actual class and homework. If these attendance hours are not met, students will not receive a passing grade or credit for the class.

Extracurricular activities on the day of the absence

Students must be in attendance, at minimum, for the last four hours of the school day in order to participate in any extra-curricular activity. For over the weekend school activities, students must be in attendance for the last four hours of the school day on Friday.

**Students leaving school early (Early Dismissal): 4.7.4**

Once a student arrives on school property, he or she may not leave the premises without permission from school administration prior to the end of the regularly scheduled school day. Students who leave school property without permission and/or fail to report to their assigned location during the school day will be referred to the Principal who will choose one or more of the following disciplinary actions:

- After school detention
- Suspension of driving privileges
- Suspension of extra-curricular activities
- Poor School standing
- In-school suspension
- Out of school suspension
- Hallway program
- Referral to the attendance officer for second meeting with parent
- Return of an out of district student to their home high school

**Appeals Process for All Disciplinary Actions – 20.0**

If a parent disagrees with a disciplinary action taken by a school administrator, the parent has the right to appeal the action. However, if a parent appeals the disposition may be upheld, lessened or lengthened. The following actions are to be followed for any appeal:

- a. Appeals of actions taken by any school level employee (other than the principal) shall be made to the principal.
- b. Appeals of actions taken by the principal shall be made to the Division Assistant Superintendent for Administration.
- c. Appeals of actions taken by the Division Assistant Superintendent shall be made to the Division Superintendent.
- d. Appeals of actions taken by the Division Superintendent shall be made to the School Board. Written notice of such an appeal must be filed with the Superintendent within 7 days of the action being appealed. The appeal shall be heard within 20 calendar days. A decision will be available verbally within two working days of the hearing with written confirmation to follow.
- e. Appeals of actions taken by the School Board may be made to the Circuit Court.
